

Brulin #6.3

FRESH HANDS PROGRAM

TOPfoam HANDS FREE

HEALTH CARE

Tired of Bottom Feeder Hand Care Programs? Move UP to TOPfoam and SEE the Difference

*The can't leak system that reduces
double pumping and cuts costs 20%*

**Foam...a
BETTER
Hand Wash
Experience**

Is foam good? No, foam is better. It's now 50% of the market and growing, surpassing gels and liquids as the standard in hand wash systems. It's a better hand wash system three ways.

1. **Disperses Easier** – Foam simply disperses easier
2. **Rinses Easier** – No liquid sticky soap glob in your hand – free rinsing
3. **Pre-Lathered** – Starts with a rich, dense and creamy lather – eliminates the lathering step

GO FROM "GOOD" TO A "BETTER" HAND WASHING SYSTEM

Most foam dispensers are bottom-feeders softly dropping "feathery foam" onto hands from the bottom of the dispenser. Users frequently double push because they can't see or feel the soap in their hand.

TOPfoam is 180 degrees different – it is a top foamer!

See it

One PASS and see the foam TOPfoam delivers directly to your hand...**Looks substantial**

Feel it

One PASS and feel a jet spray of TOPfoam shoot onto your hand...**Feels substantial**

Like it

Why? It's Right Sized – not too little or too much...a perfect .75 ml hand wash

**ONE-PASS ECONOMY,
REDUCES OVERALL SKIN CARE COSTS BY 20%***

* Our studies show that 2 out of 10 users hit the bottom feeder dispensing systems twice.

"Hand washing is the single most important prevention step for reducing disease transmission."

CDC – Center for Disease Control, Appendix C – Hand Washing

**TOPfoam
IS GREENER**

One Refill Fits EVERY Dispenser

1000 ml refill cartridge fits both hands free and manual dispensers – less inventory, eliminates carrying multiple SKUs.

Greener...4 Ways

- **50% Packaging Waste Reduction** – Compared to soft wall bottle foam systems, plus refills are boxless
- **Waste Stream Reduction** – Chemical usage is reduced with TOPfoam
 - Uses 20% less soap than bottom feeder foam systems
 - Uses 50% less soap than liquid systems (800ml, etc)
 - Controlled dispensing – .75 ml of foam per hand wash – eliminates overuse
- **TOPfoam Reduces water usage at least 15%****
- **Green Seal™ Certified Option** – Choose our TOPfoam TerraGreen Hand Soap – No VOC's, Biodegradable, Non-Toxic and meets all federal and state regulations for limited carcinogenic materials

**INDEPENDENTLY CERTIFIED GREEN PLUS
PACKAGING & WASTE REDUCTION**

Hand Soap

TOPfoam TerraGreen Hand Soap

Green Seal Hand Soap

Green Seal™ Certified. Luxury foam disperses and cleans better. Enhanced with aloe vera and Vitamin E for a soft afterfeel. Tropical floral fragrance smells clean and fresh.

Size: 1000 ml cartridge/4
Product No: 171035-M4
Typical Working pH: 6.5

Color: Ruby Orange
Fragrance: Tropical Floral
Health Rating: 1

TOPfoam Antibacterial Hand Soap

0.13% Benzalkonium Chloride

Kills a wide variety of disease-causing bacteria, viruses and fungi on contact. Enhanced with aloe vera and Vitamin E for a soft afterfeel. Luxury foam disperses and cleans better. Citrus spice fragrance smells clean and fresh. Formulated without Triclosan.

Size: 1000 ml cartridge/4
Product No: 171036-M4
Typical Working pH: 6.5

Color: Amber
Fragrance: Citrus Spice
Health Rating: 1

Hand Sanitizer

TOPfoam Hand Sanitizer

Non Alcohol – Quat-Based

Hand sanitizer kills 99.9% of many important organisms. Luxury foam disperses and dries faster and easier than gels. Foam stays on hands, rather than dripping on floor. Non flammable, contains no alcohol. Sanitizes without the use of water. Clean linen fragrance smells fresh with a non-alcohol odor. Enhanced with aloe vera and Vitamin E for a soft afterfeel.

Size: 1000 ml cartridge/4
Product No: 171037-M4
Typical Working pH: 8.5

Color: Clear
Fragrance: Clean Linen
Health Rating: 1

Dispensing System

Hands Free Dispenser

- Dispenses Foam from the Top
- Leak Proof
- ADA Compliant
- Large View Window

Actual Size: app. 60"

Color: Dove Gray – TFHF01

Hand Hygiene Sanitizing Station – TFFS60, free-standing metal floor stand for hands free dispenser

Also available: Manual Dispenser (Dove Gray TFMD01, Black TFMB09)

Refill cartridge fits both hands free and manual dispensers

****** Water reduction results from reducing pushes and rinsing faster. With TOPfoam users see the foam hit their hand and realize that ONE-PUSH is enough. If they have to look at their hands as with other systems and pump twice they take more time while the water is running. Water runs at 50 ml per second, and if they have double dosed then they will take more time to rinse their hands – wasting 50 ml for every second. Our studies indicate the average water waste is 150-250 ml (3-5 seconds) per hand wash. This equates to 70 gal per refill or 280 gal per 4 pack case.

******* This product meets the Green Seal™ environmental standard for institutional hand cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.
